

Hello,

Are you passionate about Cocaine Anonymous? Do you have ideas to help Cocaine Anonymous move into the future? We invite you to join the World Service Board of Trustees Long Term Planning Sub-Committee.

Statement of purpose: To plan and guide the future of Cocaine Anonymous, to ensure the addict that still suffers can receive the message of recovery. The committee is not limited in participation to World Service Board of Trustees members. It is suggested that former Trustees be included on this committee.

We want to encourage members of the Fellowship to join the committee to help with the creation and implementation of long-term planning projects. We are especially looking for former Trustees, experienced trusted servants and other enthusiastic C.A. members to join in and enhance the process.

In the past, formal long-term planning discussions with the fellowship have only taken place at the C.A. World Conventions. This has significantly limited who could participate in the discussions. This World Service Board of Trustees Sub-Committee would like to have more frequent discussions through-out the year utilizing conference calls and virtual platforms. An email-based group has already been created for the sharing of information and ideas. A project chart has also been created containing such topics as:

- Royalty options & opportunities for local printing
- Discussing creation / restructuring of regions
- Holding Conference in alternate locations
- Virtual participation at Conference
- Service webinars

If you would like more information or if you would like to join the C.A. Long Term Planning Sub-Committee, please contact the Sub-Committee Fellowship Liaison, Ruby C. at thesoberjewel@yahoo.com

Yours in Service,

Jason Laurence
